

MAXIMA peut tracer des surfaces (via gnuplot).

```
> plot3d(x^2-y^2, [x, -2, 2], [y, -2, 2], [grid, 12, 12]);
```

```
> plot3d(x^2-y^2, [x, -2, 2], [y, -2, 2], [grid, 12, 12], [gnuplot_pm3d, true]);
```
